

69th Avenue and Anoka Street Rehabilitation Project

Concrete Work

Tomorrow, June 26th, the contractor is slated to start placing concrete curb and gutter along 69th Avenue from Central Avenue to County Rd H. They will also be placing concrete curb and gutter in the spot repair sections that were removed along Anoka Street. Note that dates are subject to changes due to weather, etc.

Please Note:

If curb has been removed from the front of your driveway, **please park vehicles on adjacent streets (Siverts Lane or Shamrock Lane) prior to tomorrow, at 7:00 a.m.** We ask that you continue to park on those adjacent streets for **7 days** after installation to allow the concrete to cure. Please do not park your vehicles in the construction area or on 69th Avenue or Anoka Street, as it can limit access for construction equipment.

Our project engineer, Brandon Brodhag, can be reached at (763) 238-8086 if you have questions.
