

Class Topics

Amphibians

Frogs! Toads! Salamanders! Learn about these amazing cold-blooded critters and the incredible transformation they perform through games, stories, activities, and meeting one of our animal ambassadors.

Bees and Butterflies

This class is the Bee's Knees! Did you know bees don't have knees? You will once you learn about how important Minnesota's smallest pollinators are.

Birds

Birds come in all sorts of different sizes, shapes, and colors! From engineering nests to unique songs and eating habits, let us take you under our wing as we learn what it is to be a bird in Minnesota.

Fall Frolic

The leaves are changing and the air is crisp. Fall is a great time to be in nature. There are plenty of discoveries to be made outside. Animals and plants are getting ready for winter.

Mammals

Raise your hand if you're a mammal. Fur, check! Warm, check! Not hatched from an egg, check! Learn more about yourself and some of the other mammals that call Minnesota home.

Remarkable Reptiles

How are reptiles different from other animals! Learn about reptiles through games, stories, activities, and more. Students will have the opportunity to visit with a live reptile.

Springtastic

Nature is waking up from winter. There are new leaves, fresh smells, and baby animals! Let's explore this season together. Possible topics include migrating animals, flowers, and pollinators.

Winter Wonderland

Brrr, it's cold outside! Let's bundle up and see what's happening this winter. Learn how animals survive the cold, how our habitats change, and learn how to beat the winter blues with some silly snow activities.

PRESCHOOL ENVIRONMENTAL EDUCATION

Let nature be your CLASSROOM!

Springbrook preschool programs are specially designed to allow preschoolers to explore the natural world in a way that makes sense -- through play.

With a mixture of indoor and outdoor activities, we will help your young learners engage with the world around them in ways that are developmentally appropriate.

**We intend to ignite
curiosity, encourage
wonder, and help young
learners make
connections in nature.**

Scheduling YOUR PRESCHOOL PROGRAM

Program Age

Preschool programs are written for ages 4-5

Class Length

Preschool programs are 60 minutes in length. You are welcome to explore the other amenities (nature play area, picnic shelter, trails) Springbrook has to offer outside of your program time.

We Go Outside

We will bring students outside (unless weather is dangerous) for at least a portion of your class, dress appropriately.

Class Fee

Preschool programs are \$5 per student, no charge for chaperones

Payment

Payment in full is due on the day of your program. Springbrook Nature Center accepts: Cash, Check, Credit Card

Scheduling

Please call to book your program with the following information: name, address, phone number, number of participants, program topic, arrival time, and special needs or requests.
