

# Resources for Zoning Permits

## Locating property lines

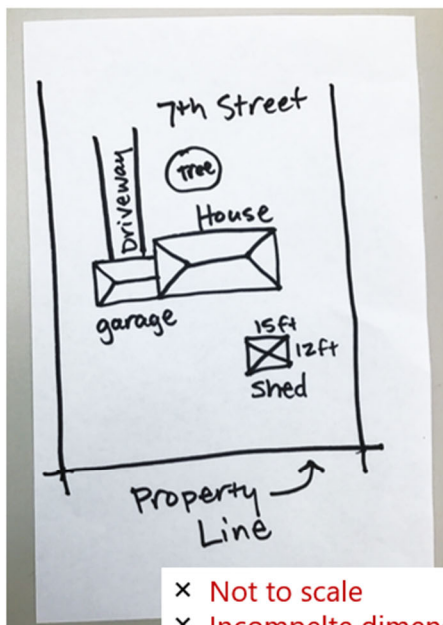

- Download, view and/or print a [document](#) outlining how to find our property pins at [FridleyMN.gov/PropertyInformation](http://FridleyMN.gov/PropertyInformation)
- [Video from the City of Blaine](#) (note: Fridley's street widths vary and the distance from the curb to the property line is not a consistent 14.5 feet in Fridley, unlike Blaine)
- [MNSurveyor.com](http://MNSurveyor.com) directory
  - Not all surveyors provide residential survey services. Green stars on the map indicate a surveyor that provides residential property surveys as well as commercial surveying.

## Site Plans

- [Anoka County GIS](#) – Aerial images provide a helpful approximation, but due to the earth's curved surface they do not provide exact measurements

## Site Plan "Do's & Don't's"

- ✗ Not to scale
- ✗ Incomplete dimensions
- ✗ No North arrow
- ✓ Hand drawn OK

- ✓ To scale
- ✓ Dimensioned
- ✓ North Arrow
