

Climate & Natural Systems Workshop

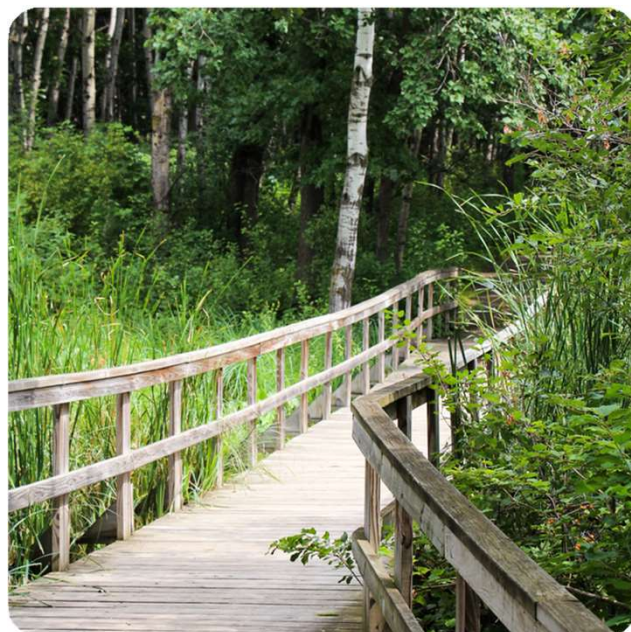

Help shape Fridley's Comprehensive Plan Update by discussing important planning topics. Workshops will include a brief presentation followed by small group discussion on how to:

- Protect natural resources
- Explore resilience and stewardship strategies
- Identify long-term infrastructure needs
- Incorporate feedback from the community survey

Pick the date that works best for you; content is the same at each session. **Come prepared to contribute to the community conversation!**

- Tuesday, September 8 (evening) or
- Saturday, September 19 (morning)

Registration required at least one week in advance. Translation services available by request.

Housing & Redevelopment Workshop

Pick the date that works best for you; content is the same at each session. **Come prepared to contribute to the community conversation!**

- Wednesday, November 18 (evening) or
- Saturday, November 21 (morning)

Help shape Fridley's Comprehensive Plan Update by discussing important planning topics.

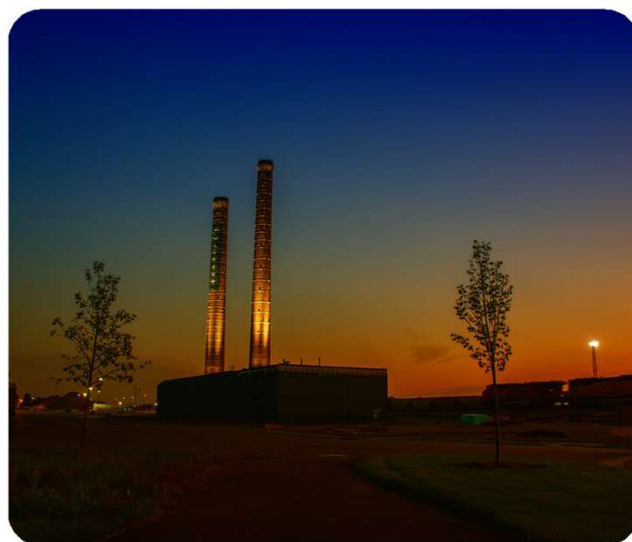

Workshops will include a brief presentation followed by small group discussion on how to:

- Guide redevelopment along the F-Line Bus Rapid Transit corridor
- Plan for a diverse mix of housing options and balanced development
- Accommodate new residents and jobs
- Incorporate feedback from the community survey

Registration required at least one week in advance. Translation services available by request.
